

## Placement Offer Form EBT COMMUNICATION AND DESIGN

### EMPLOYER INFORMATION

NAME OF ORGANIZATION	<b>V.O.F. VAN DER VLIET EVIDENCE BASED TRAINING</b> Evidence Based Training (EBT) is a Dutch company established in 2006. We are involved in the innovation and creation of new business. Our main focus is on sports, science and technology.
DESCRIPTION	<p>The fact that EBT manages InnoSportLab de Tongelreep since 2007 led to the creation of a world-class innovation centre which is situated in National Swimming Centre de Tongelreep in Eindhoven. Here the National Olympic Team of the Netherlands works together with several scientists on the enhancement of elite performance in order to improve the chances to win medals in the Olympics, Championships and European Championships.</p> <p>Influenced by the work in InnoSportLab, other businesses, like Equana, were created. Equana is a sports drink for horses that can be compared with human recovery sport drinks. This sport drink has to be exported first all over Europe and then over the world.</p> <p>Since all the businesses are focus on international trade, students from all over Europe are a great value.</p>
