

## **Share your experience abroad in the Erasmus Travellers Competition!**

[Erasmusu.com](http://erasmusu.com), the social network for Erasmus students, is launching a competition with 4.000€ in rewards for the best experiences around the world.

You can join the competition here: <http://erasmusu.com/en/erasmus-travellers-competition>

All the students can participate, including the ones that are not in Erasmus right now. It's easy, just provide useful information about all the destinations: experiences in the city in which you are doing your exchange program, your own city, travels, blogs, places, cooking recipes, etc. Any content that could be useful for the future Erasmus generations is welcome!
