### Summer 2017 Applications Now Open!

The UCL Summer School team are delighted to announce that the [application portal](#) for our 2017 programme is now open.

We would greatly appreciate it if you could share this newsletter with any staff at your institution who may be interested in promoting this opportunity to their students. We welcome applications from students at all levels of higher education, as long as they have completed at least one year of undergraduate study by the start of the programme.

97% of students on our 2016 programme said they'd recommend the programme to a friend. **Watch our video** to find out what three of them had to say about their time with us in London.

**Applications received before March, 1 2017 are exempt from the application fee!**
