

Dear partners, friends and students,

We are happy to introduce you our **Summer School 2017**, that will take place from **January 9th to 22nd** in Chile´s capital city: Santiago and at San Pedro de Atacama, one of the most beautiful and impressive places of our country, due to its location in the most driest dessert of the world.

This year´s version: **“Facing Global Challenges from LATAM”** will allow students to live and exciting and unforgettable experience, in a program that combines lectures, team work, company visits, guest presentations, cultural activities and tourism. We wish that this experience will serve as an engine, so that this group of students become responsible, positive and conscious change agents.
